continue the family tradition at
Cutts Restaurant in Enterprise, AL.*

Cutts Restaurant, which is located at 417 East Lee Street in Enterprise, AL, has been a renowned family tradition for over 40 years! Owned and operated by Rick and Liane Cutts since 1992, Cutts Restaurant began as Cutts Grocery in Level Plains, AL, in 1967.

Rick Cutts grandparents, Hubert and

*Amazing Barbecue
still tops the menu!*

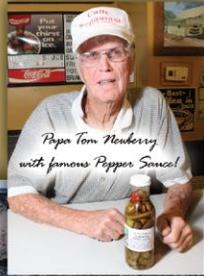

Pearlie Bell Cutts, with their children Larry and Lou Ellen, bought a full line country store. Since there were not many places to eat in those early days, the couple invented the now famous Cutts Chili Dog, thereby initiating Cutts Restaurant, to complement the grocery store, meat market and gas service station. The family opened the restaurant in Enterprise in 1972.

In fact, the Alabama Bureau of Tourism and Travel confirmed in a recent publication that the Cutts family's famous Chili Dog is "One of the Top One Hundred Dishes to Enjoy Before You Die!" in the State of Alabama.

The famous Cutts Chili Dog is still served with the family's delicious chili recipe created by Rick Cutts' Father, Larry and his Grandmother, Pearlie Bell Cutts.

*Papa Tom Newberry
with famous Pepper Sauce!*

Part of the success is that they only use wieners made locally, and they steam their buns. Millions of these famous chili dogs have been sold, according to the owners.

Since its inception, Cutts Restaurant is known for having food that is as good as or better than what your mother or grandmother cooks. For instance, the buffet, which is served Monday through Friday for both lunch and supper, offers a full line of quality meats, vegetables, homemade desserts and choice of bread for your culinary pleasure. They also offer a catering service and take out.

As the third generation owner, Rick Cutts earnestly explains, "We work hard to make

display the daily specialties.*

our items from scratch like real mashed potatoes instead of instant and homemade cornbread dressing. We hand season our meats and vegetables, so that they taste like the food we were brought up on. And, then, we are constantly working to ensure that we are offering a great product at a reasonable price and with quality service. These factors are all important to our family."

In addition, to the famous chili dog and scrumptious buffet, the family is known for their Papa Tom's Homemade Pepper Sauce. Liane Cutts proudly states, "The pepper sauce is made fresh every season from peppers grown on our farm. Our Papa Tom is nearly 87 years old, and he hand sorts the peppers and inspects every bottle made. The peppers are cowhorn, cayenne, jalapeno and banana. Every table at Cutts Restaurant has a large bottle on it so customers can enjoy our vegetables the way you grew up eating them. We also sell smaller bottles, so that you can take them home or as a special unique gift."

*The personable employees
greet everyone with a smile!*
